

*What is the assumption in each of the following claim/reason combinations?*

1. Students should be excused from school so that they can support the girls' soccer team.
2. Students should be given laptops so that they can be more effective in their studies.
3. The school's athletic fields need to be replaced because they have a drainage problem.
4. Students should be given summer reading assignments so that they can retain their reading skills during the summer.
5. Every student should take an art class because it will help him/her appreciate the arts.
6. The cafeteria should charge less for lunch because students are having trouble affording lunch.
7. The driving age should be raised to 18 because young drivers are in too many accidents.
8. You should let me stay out late because my friends all get to stay out late.
9. The school should adopt a dress code in order to create a better learning environment.
10. You should give me an A because I worked really hard on my paper.
